## The Healthcare Experience

# Amazon Health Services: *Our Mission*

At Amazon, we think health care is high on the list of experiences that need improvement. We want to make it dramatically easier for people to find, choose, afford, and engage with the products, services and professionals they need to get and stay healthy. We're committed to creating better health outcomes through improving access and engagement.

*Helping Customers Get and Afford the Medications They Need*

## PrimeRx

Through PrimeRx, Prime members save up to 80% on generic medications and 40% on branded medications when paying without insurance—all with free, two-day shipping.

## RxPass

Through RxPass, Prime members pay just \$5 a month for all of their eligible generics. The eligible drug list includes more than 50 generics that treat 80+ common conditions like blood pressure and anxiety.

## Coupons by Amazon Pharmacy

For some brand medications, Coupons by Amazon Pharmacy will automatically apply a manufacturer drug discount at checkout.

With automatic savings from coupons, eligible customers can get insulin for as low as \$35 a month with free delivery.
